Next was data on ridership numbers and route changes. Due to low ridership and the driver shortage in Clayton County, it is proposed to decrease one day per week in Elkader and Guttenberg for in-town services which may allow for the increased provision of medical trips in this area. Other items discussed were Van Pools, Low/No Emission Vehicles, Capital Projects, and funding sources. Shirley Vermace asked how many indoor facilities we would need if the world was perfect, Lori replied "In each station point, at least with electricity and basic shelter."
